

Project Title – H.A.N.D (Help A Neglected Dog)

Animals Can't Talk has piloted a new program called H.A.N.D. Dogs are pulled from high kill shelters and given vet care in preparation for adoption.

Won't you please lend a H.A.N.D. to save the death row dogs and give them a chance at a new life?
Time is short for so many of these lost souls.
